

My Italian Bulldozer When writer Paul Stewart heads to the idyllic Italian town of Montalcino to finish his already late book, it seems like the perfect escape from stressful city life. Upon landing, however, things quickly take a turn for the worse when he discovers his hired car is nowhere to be found. With no record of any reservation and no other cars available it looks like Paul is stuck at the airport. That is, until an enterprising stranger offers him an unexpected alternative. While there may be no cars available there is something else on offer: a bulldozer. With little choice in the matter, Paul accepts and so begins a series of laugh out loud adventures through the Italian countryside, following in the wake of Paul and his Italian Bulldozer. A story of unexpected circumstance and lesson in making the best of what you have, My Italian Bulldozer is a warm holiday read guaranteed to put a smile on your face. ...more My Italian Bulldozer PDF ebook
